

Mack Attack Prep
Exposure, Training, Experience

The Mission

Our mission at Mack Attack Prep is to empower players to unlock their full potential while also providing enjoyable experiences in Southern California. Recognizing that many of our players come from abroad, we aim to provide a platform where players can excel on the court, mature off the court, and embrace the vibrant culture and unique opportunities of the city.

3 Pillars of Mack Attack Prep

1. **Daily Training & Practice:** Elevate your game with our daily training regimen. Skill work, weight training, and team practices held everyday. With our structured approach, your basketball proficiency is guaranteed to grow to new heights

2. **Exposure Opportunities:** Seize the spotlight and showcase your talent on a competitive stage. Engage in high-level tournaments and showcases, designed to increase your visibility. Every game will be filmed and shared with collegiate coaches, this way you'll maximize your chances of securing coveted opportunities to play at the next level.

3. **Unforgettable Experience:** Off the court, we will indulge in a variety of activities to ensure you make the most of your time in this amazing city. From exploring iconic landmarks to embracing the local culture, your experience extends far beyond the game, creating memories that last a lifetime.
